Seasonal respiratory and immune support*

About Aller Pro

As winter gives way to spring, our immune systems often struggle to adapt. Aller Pro draws power from its herbal and antioxidant ingredients to promote a healthy respiratory tract during this seasonal transition period. Its targeted formula scavenges for free radicals and maintains healthy levels of mucus throughout the body, providing comprehensive support to the immune system. By activating innate immune cells, Aller Pro helps promote healthy oxidative stress throughout the body, allowing the immune system to do its job—no matter the season.

Key Product Benefits

- Support for healthy nasal and sinus cavities*
- Promotes healthy respiratory function*
- Support for healthy immune function*
- Supports a healthy oxidative stress response*

Directions

Loading phase: Take 2 capsules three times daily for 7-10 days.
Acute: Take 2-3 capsules as needed. Maintenance: Take 1 capsule daily or as directed by your healthcare practitioner.
